

## Capilano United Church Congregation Survey – October 18, 2009

The Joint Needs Assessment Committee (JNAC) of Capilano United Church has prepared this 5-item questionnaire to serve two specific purposes:

- a) to help this congregation better understand who we are as a church family and how we can serve each other to make us a more cohesive, caring, and responsive family and
- b) to help the JNAC determine the needs and resources of this congregation in preparation for the decisions to be made regarding the future and future ministry of Capilano United Church.

Please take time to consider the 5 questions and your responses seriously. Feel free to check more than one answer whenever you wish.
